

# Disinfexol® One Step Cleaner & Disinfectant

Establishing the safest standards in disinfectant technology

At Disinfexol® we understand how critical attributes like **efficacy, residue, compatibility and safety, forms, and registration** inform cleaning protocols when choosing a biocide. Disinfexol®, an EPA-registered powerful and safer disinfectant alternative for cleaning and disinfecting, meets these key requirements. With Disinfexol®, we are establishing the safest standards in disinfectant technology. With these things in mind, we strive to bring you products that deliver superior performance, consistent quality, and enhanced productivity.
